# Wire Duct Cutter

A new hand tool, specifically designed for cutting PVC wire ducts

## Features

### Quality, straight cut:

The special steel blade easily cuts most types of PVC wire duct up to 4" (100 mm). No more sawing, no more rough edges to file!

### Effortless cut:

The cast steel handles are ergonomically designed to minimize the operator's effort even for difficult cuts. Light weight (310g ~ 11 oz).

### Availability:

Delivery is immediate – from stock.

### Economy:

Time savings pay for the tool in a few days.
